A message from National Online Safety.com

As part of our #WakeUpWednesday campaign, we have created a free guide for parents & carers about 'Playerunknown's Battlegrounds' (PUBG) – a game played by millions of children and young people worldwide.

Our guide is designed to inform parents and carers about the dangers and risks of letting your children play PUBG and how you can help keep your children safe online.

Thought for the Week

Safeguarding and Security

You may have noticed some changes at the Office this week! Staff will now be greeting you at the hatch by the front doors during busy times (8:30am to 9am and 3pm to 3:30pm) and on other occasions throughout the day when the children are passing through the area. This is to ensure your children's safety and easy passage round the school. Please be patient with the new system!

Also, when you buzz through to the office from the front gates, you will be asked to identify yourselves; this is so that we can be sure that anyone who is invited onto the site has a legitimate reason for being there. Again, thank you for your tolerance, especially when the intercom makes it difficult for you to be heard.
