

SPECIAL VOICES NEWSLETTER

Welcome to Special Voices

Special Voices is a group of parent/carers of children, young people & adults with disabilities/additional needs. We are all volunteers working in partnership with the Slough Children's Services Trust and voluntary organisations to help shape and develop future services in Slough through participation and co-production where all your views are considered that you share with us, without you we couldn't change things for all children/young people/adults in Slough.

Our mission is to raise awareness about the rights and needs of children/young people/adults with additional needs and to ensure that they and their families are consulted and participate in any decisions made during the planning and delivery of services for all our additional needs children/young people & adults.
